About the WECANDO CO. Ltd.

It is our pleasure to introduce our company WECANDO, to you:

During the last 10 years, WECANDO has been operating successfully as a construction contractor in numerous work areas such as electromechanical works, earthwork, concrete work, building construction, steel fabrication, finishing, erection services, mechanical, electrical, instrumentation work, water supply, sewage treatment systems, road construction and maintenance.

Furthermore, from the first year of establishing WECANDO , it has been known as a professional company in the field of custom clearance, and transportation of materials/equipments either heavy or light as well as Oil and Gas products all over Yemen.

WECANDO has expanded its work activities to cover various oilfields related to supply and construction projects. Examples of our work included, supply and

construction of pipelines, process plant, wellheads Tie-ins, and water/gas re-injection projects.

Currently, WECANDO is planning to be strongly involved in several contractual projects with major oil companies working in Yemen together with our associated international companies working in the fields of civil engineering buildings and structures; petroleum industry; natural gas industry; petrochemical industry; chemical industry; and power generating industry. We have been keen to perform top quality work and maintain high technical standards to meet our clients' expectations and are proud to provide our services to several international companies working in the field of oil and gas exploration and production and other clients.

Our main objective is to gain our clients' trust through:

- High safety standards.
- Dedication to quality.
- Technical competence.
- Commitment to clients.
- Cost effectiveness.
- On-time delivery.

The Wecando for Construction & Oilfields Services Limited actively seeks joint venture opportunities. We look for partnerships that promise to deliver profits for both partners, training for our people and sustainable development of our land.
